## SCHOLAR PRIMARY

**(Making of a daily student)**

**Children come happily to school to have fun.**

KENSRI school fun/fundamental curriculum is a fun loving, prescriptive-curriculum: To develop a rapport with teachers on school days, the child will require 45 minutes of RAP

work to make sure that they are confident in class. To build this habit the parent should sit with the child for 30-40 minutes and help to recreate their feelings of the day by sharing a snack, sharing their experiences but without television. It would be beneficial to the child if you could sit with the child until they complete the RAP to the best of their ability before they go out and play. Parents, teach them that if they do not focus and finish their RAP as prescribed they will take longer time to do the RAP which finally takes them away from friends. Holistic RAP: The quality of RAP should be the best by making sure that the child

has revised everything. Please make sure that the RAP includes not only academics but also sport, fitness, art and half a page of writing to improve hand writing.

Fun fundamental start with understanding fun. Fun is parents and teachers putting their best efforts to help the child observe themselves to develop the right habits, understanding the basics and achieving their potential.

Fundamental starts with the right habits of sleep, nutrition, exercise, safety and values. These are in the domain of parents, which the school will make the best effort to reinforce. School rules are a step towards this process. Children to start each day after good night sleep to enjoy full KENSRI day made of scholar, athlete, artist and leader.

Parents, you have the ability to make your child the best, instill good habits, citizenship of home and school are priority to their development. This brings the necessary "Guru Shishya Parampara". Teachers are selfless. Make your child get the fundamental of discipline which is necessary for RAP (Review Apply and Prepare). We would like to continue to encourage our children

to constantly explore and discover.

## GURU SHISHYA PARAMPARA

### TEACHER STUDENT PARTNERSHIP

The role of a parent is **CRUCIAL** in the partnership

- Habits and attitude
- Teachers depend on or expect right attitude and habits before they come to school each day.
- Habits include their habits and gunas. Let's make gunas into their character. Let this become a family and school culture.
- Daily RAP (Review Apply Prepare) makes your child participate and eager to come to class. Participation in class is the best rubric. Child participation helps teacher to know how much the student has learned. Let's make this a habit, it reduces stress.. The teachers had made sure by age by class they have carried rapport building lesson plans
- PLUS - Plus is a counselling session to parents to expect to see which rewards are useful to get best out of them and what dysfunctional behaviour you can expect at that age. Be aware of the steps that the school would have to take if your child crosses the threshold of poor behaviour. Sometimes it reflects parenting.
- SMP - SMP (Student mapping program) is a very deliberate effort with digitized files of your child's progress. Please become aware of it and understand the tools that you can use to partner the teacher. Reports from subject teachers and coaches are all brought in. Help the teachers update the student portfolio diligently and regularly each year so that you learn about your child and teachers can know about their students. All this resides in the cloud including medical and dental. Please update the medical and dental detail when ever your child visit the doctor.
- Annual calendar - Annual calendar is an important partnership tool to know when we are showcasing your children and possibly giving award or recognition. We need your help and support in getting best out of the students.
- Please make sure of making an appointment with the first point of contact Student Development Specialist (SDS) Please remember that SDS is the person that keep the SMP file upto date.
